# WHY NATURAL PATCHES?

Most vitamin supplements contain products your body doesn't need. The patch offers **continual absorption**, and ease of application. Absorbing the vitamins through the skin via the patch **bypasses the liver**, unlike oral pills for more effective and safe dosage

# PILLS VS PATCH

**CONTAIN HARMFUL ADDITIVES**  
Artificial colors, unnecessary fillers, and added sugars could be hiding inside.

**DIFFICULT TO TAKE**  
Pills can irritate the stomach or gastrointestinal tract, and can be hard to swallow.

**SCIENCE-BACKED INGREDIENTS**  
Our patches contain safe, effective, and naturally-derived ingredients.

**EASY FOR EVERYONE**  
Our **hypoallergenic, latex-free,** and paraben-free formulation won't irritate skin.
